

## VHX-40F

Dakota Digital VHX Instrument Installation  
For 1940 Ford Car

Your new VHX-40F kit includes:

**Universal Sender Pack**

**VHX Display**

**Ford Adapter**

**Control Box**

**Installation Manuals**

**CAT5 Cable**

## Installation

1. Remove the stock cluster from the dash and be sure to retain all hardware for reassembly.

2. Remove the protective tape from the clear lens.

3. Connect the CAT5 cable to the system as the VHX cluster is installed into the dash. Watch carefully so you don't scratch or damage the lens or bezel, and take care when routing the CAT5 cable to the control box location.

4. Re-install the cluster into the vehicle using stock hardware and refer to the main manual for wiring instructions to complete the VHX installation.
