

# VHX-65F-PU

Dakota Digital VHX Instrument Installation  
For 1965-'66 Ford Custom Cab Pickups

Your new VHX-65F-PU kit includes:

**VHX Display**

**Universal Sender Pack**

**Switch Assembly**

**Installation Manuals**

**36" CAT5 Cable**

**Ford Adapter**

**Control Box**

## Installation

1. Remove the stock gauge cluster from the dash and retain the factory hardware for reassembly.

2. Remove the housing from bezel by removing the four screws on the bottom and the three on top. Retain this hardware for reassembly. The bezel and related mounting screws will be the only items reused.

4. Carefully place the VHX system into the factory bezel and fasten using the retained original hardware. Make sure the aluminum spacer sits flush against the edge of the bezel.

5. Attach the provided CAT5 cable to the back of the VHX system and carefully route the open end to the control box mounting location before reassembly of the dash.

6. Re-install the gauge cluster to the dash using the factory hardware and refer to the main manual for wiring instructions to complete the VHX installation.
