

# VHX-71F-CTR

Dakota Digital VHX Instrument Installation  
For 1971-'73 Ford Mustang with Console Gauges

Your new VHX-71F-CTR kit includes:

## VHX Display

### Universal Sender Pack

### Switch Assembly

### Installation Manuals

### 36" CAT5e Cable

### Ford Speed Adapter

### Control Box

### (2) Turn Signal Harnesses

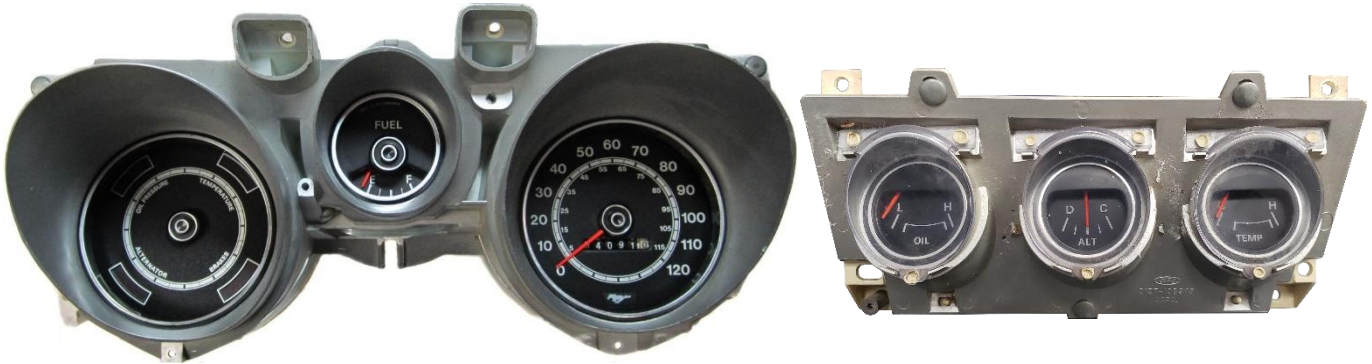

### 60" CAT5e Cable

### (4) Auxiliary Gauge Harnesses

## Installation

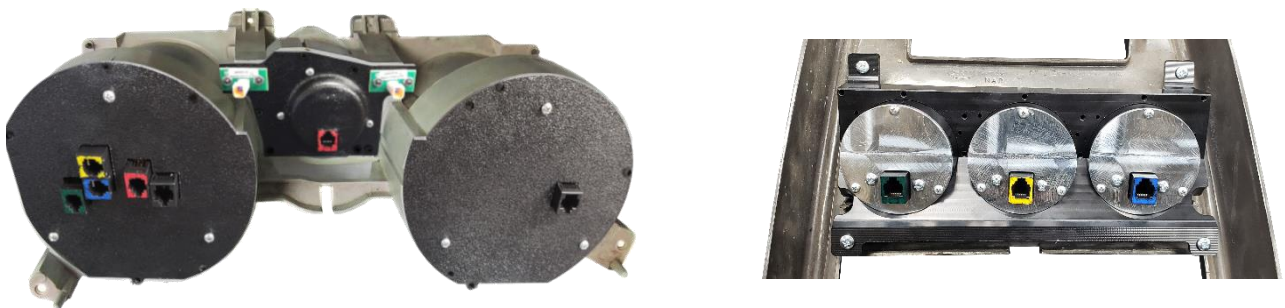

1. Remove the stock gauge cluster and center gauges from the dash; save all hardware removed for reassembly.

2. Remove the stock gauges and clear lens from the main factory gauge housing. There are nine mounting locations, indicated by the below arrows. Retain these screws for mounting new VHX displays.

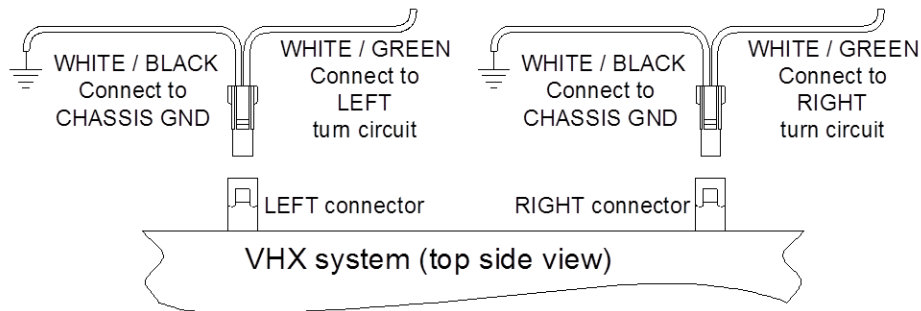

3. Mount the VHX displays into the original housings using hardware retained from the previous steps.

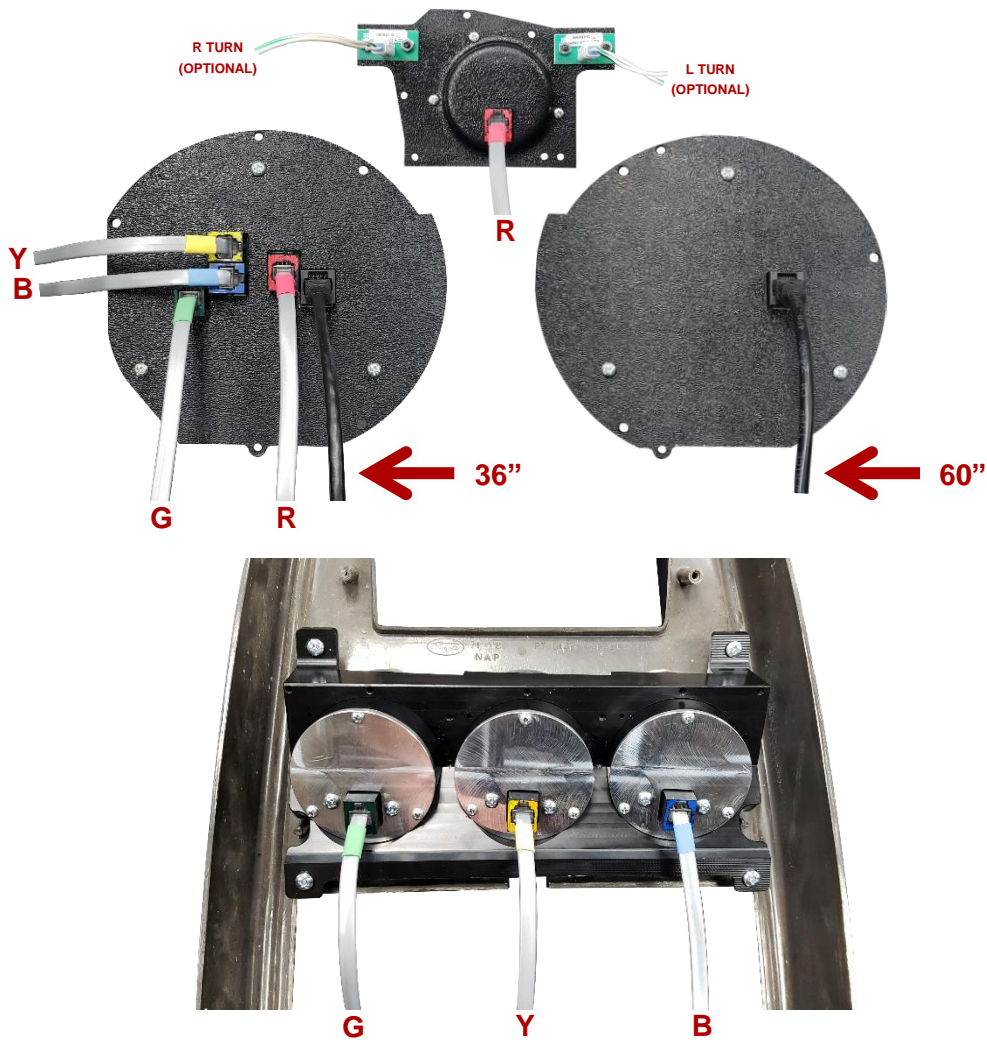

- This system comes with two options for the turn signals. You can either have arrows located in the faceplate of your new VHX display, and/or arrows in your vehicle's stock turn signal locations. To use the new faceplate arrows, follow the wiring instructions for the turn signals found in the main VHX manual.

To optionally use the stock turn signal arrows, do not wire the turn signals to the VHX control box. Instead, use the two provided **Turn Signal Harnesses**. The harnesses plug directly into connectors on the back side of your new VHX system. Connect the wires from these harnesses to your turn signal circuit and ground as shown below. Doing this will light green LED bulbs, located in the original locations of your dash panel, when turn signals are active. Make sure to check left and right to verify they are wired correctly.

- Connect the four provided **Auxiliary Gauge Harnesses** as shown below, matching color to color between gauge pods. Also connect the **36"** and **60" CAT5e Cables** to the speed and tach gauges respectively.

- Carefully route the open CAT5e Cable ends to the control box mounting location. Refer to the main VHX manual for wiring instructions to complete the installation.

**⚠️WARNING:** This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)
