

# VLK-49F

## Dakota Digital VHX Clock Installation For 1949-'50 Ford cars

Your new VLK-49F kit includes:

### Installation Manuals

### VHX Clock

### CAT5 Cable

### Switch Harness

### 2X 8-18 x 3/4" Screws

## Installation

1. Remove the original clock by disconnecting the wiring and removing two screws behind the dash.

2. Orientate the new clock with the CAT5 cable jack towards the top and secure it to the dash using the two supplied screws.

3. Connect the CAT5 cable and switch harness to the clock and carefully route these back to the VHX control box and refer to the Operating Manual to complete the VHX clock setup.
